Identity of the Project

Check only one category in which you want to submit the PROJECT

- ❑ Plasterboard
- ❑ Plaster
- ❑ Residential
- ❑ Non-residential
- ❑ Innovation
- ❑ Ceilings
- ❑ Glass

PARTICIPANT (Contractor/Façade Contractor) Information - Company Information

- **Company Name(1):** .....
- Address(1):.....
- Phone:.....
- E-mail:.....
- **Representative:**
- Surname(1):.....
- First name:.....
- Position held in the company: .....
- Mobile phone number: .....
- E-mail:.....

Building Owner

Last name(2):.....
Address:.....
.....
Phone:.....E-mail:.....

Architect

Last name(2):.....
Address:.....
.....
Phone:.....E-mail:.....

Interior Designer

Last name(2):.....
Address:.....
.....
Phone:.....E-mail:.....

Dates of project

Start of construction:.....
End of construction:.....

Projected schedule

From (month, year)…… – to (month, year)……

(1) the company which installed Saint-Gobain products should be written in capital letters
(2) in capital letters

PROJECT DESCRIPTION FORM (2)

Technical construction difficulties
Supplying:.....
Logistics:.....
Waste management:.....
Application:.....
.....
.....
Others (specify):.....
.....
Building size
Floor space in sqm:.....
Net surface area:..... Number of rooms:.....
General description of the work
Choice of materials:
.....
.....
.....
Building performance:
.....
.....

- ❑ Protection against humidity
- ❑ Fire resistance: EI ...;
- ❑ Sound insulation between rooms: ... dB,
- ❑ Thermal insulation,
- ❑ Air quality improvement
- ❑ Acoustic treatment: ... sec. reverberation time;
- ❑ Impact resistance;
- ❑ Aesthetics
- ❑ Visual comfort (ex. Glass);
- ❑ Shorter execution time;
- ❑ Lower execution costs;

Health and safety on construction sites: improving working conditions (EHS)
- Lighter materials.....
- Ergonomic tools.....
- Safety equipment .....
- Others.....

Reducing exposure to hazardous substances
- Methods to reduce exposure.....

Sustainability - Reduced environmental impact of the building:
- Energy saving:.....
- Reduced CO_2 emissions:.....
- Resource circularity (recycling, reuse, extended sustainability solutions, waste reduction, etc.):.....
- Green Building Certifications (LEED/BREEAM):.....
- Products with EPD:.....
- Others:.....
